Your Child is
Our First Priority

Early Years Learning and Child Care Centres

Providing exceptional early learning experiences and child care services to children and their families in a community of diverse needs.

📞 416-530-0722
🌐 networkchildcare.com

Network Child Care Services is a non-profit child care organization licensed by the Ministry of Education to deliver high quality programs that enhance child development.

Our Early Years Learning and Child Care Centres offer inquiry-based programs with a focus on play, exploration and attention to each child's interests and skill sets. Putting your child in a licensed setting ensures professional, reliable care—and peace of mind for your family.

Our program

Network's Centre programs consider each child's particular needs and abilities. Our staff plan age and development-appropriate activities based on observations and child interests, and use Ministry of Education guidelines to deliver stimulating, supportive care. Visit our curriculum page at networkchildcare.com to find out more.

Our staff

The experience and knowledge of our Early Years specialists, Early Childhood Educators (ECE's), and other support staff are critical elements in the programs we offer. These dedicated early childhood professionals strive to meet the needs of each and every child in care.

Learning environment

Our holistic approach offers a nurturing environment where each child feels safe, valued and respected. Our play, rest, eating, and outdoor spaces are designed to be both safe and engaging for each age group and follow all Provincial and Municipal environment standards for Centre spaces.

How to choose quality child care

Questions families should ask when looking for quality care:

- Do I want child care close to home or work?
- Do the Centre hours fit my schedule?
- Do I need full-time or part-time care?
- Do I need care for more than one child?
- Would I feel comfortable leaving my child there?
- Do I need help with the cost of child care?

Compare Your Choices

Always visit a Centre before enrolling a child, no matter how highly it was recommended.

Here are some helpful questions:

- Is the Child Care space licensed?
- Are children being guided in appropriate ways?
- Do children seem to feel included and engaged in the program?
- Is the physical space safe, clean and inviting?
- Are posted activities and materials right for a child's age and development?
- Can children choose their own activities?
- Are there a variety of nutritious meals and snacks on the posted menu?

"Thank you for running & managing such a warm friendly centre. It's like a home away from home."
—Iris and Adam, parents

Program benefits

- Stimulating child-centred environment
- Inquiry-based program led by Registered Early Childhood Educators

- Licensed and inspected yearly by the Ministry of Education
