

Title: Face Collage

Age Group: Toddler

Submitted by: Alice W. (Child's Nest123)

Type of Activity: Art

Materials:

- Magazines
- Scissors
- Glue
- Paper

How to Do it:

- Ask the children to choose the facial features from the magazines.
- Cut out the facial features from the magazines. (Use hand-over-hand with scissors for older toddlers)
- Mix up all the facial pieces.
- Have the children get a paper and put glue all over on it.
- Let the children place the facial pieces on the paper.

Root Skill / Extension:

Cognitive 4.2: Problem-Solving

With this activity, the children can develop their problem-solving and recognition skills. They will think about “on a face, where should the eyes, nose, and mouth go?”

Extend the learning: You can add other features such as ears, body, clothes, and accessories.
