

Title: Car Park Count

Age Group: Preschool

Submitted by: Marlene (Group Centre)

Type of Activity: Math / Counting / Seriation

Materials:

- Cardboard
- Scissors
- Markers
- Masking Tape
- Cars, at least 10
- Ruler to draw lines

How to Do it:

- Cut the cardboard in a rectangular shape
- Draw horizontal and vertical lines to make shapes that represent parking spaces
- Number the spaces
- Number the cars using masking tape
- There should be the same number of cars and parking spaces
- Have your child/ren match the cars to the number on the parking spot

Root Skill / Extension:

Cognitive 4.12: Counting

Extend the learning: Have your child sort the cars by color and size. Explore books on different types of transportation.
