

Title: Fence Music Set

Age Group: Toddler - Preschoolers

Submitted by: **Toni (Satellite)**

Type of Activity: Physical / Cognitive

Materials:

- Old metal pots and pans that you might not need
- Wooden spoons, metal big spoons, metal ladles, tea kettle, muffin/cookie trays
- You can use anything that is old and not in use
- Hammer and nails or drill and screws. (adults need to do this part)
- One wooden skid (as seen above) or existing fence in your backyard
- Rope for tying some of the pots and pans to the wood or metal wires
- Marker

How to Do it:

- Ensure that you check for any sharp edges on the materials
- On your existing fence or skid start marking where you want the pots and pans to go
- Nail or screw the pots and pans on the fence through the loop handle
- You can add the other items that you collected for this activity
- Place all your wooden spoons, metal spoons, ladles and sticks in a big pot.
- Watch your child/ren enjoy making music and sounds. Have fun!

Root Skill / Extension:

Physical: 5.4 Auditory skills and music

This activity gives the child a chance to express themselves through music and discovering different sounds.

Extend the learning: You can add other musical instruments such as store bought and homemade so children can explore and compare a variety of sounds.
